

**Important Notice from Inland Networks**

RE: NBC INTERRUPTION IN SERVICE/POSSIBLE DISCONTINUANCE

Dear Inland Networks Cable Television Customer,

Inland Networks (a/k/a R & R Cable Company) has been in contract negotiations with KHQ, the parent for KNDO/Yakima and SWX/Yakima, for several months. Inland Networks does not believe that we will come to an agreement since we do not believe that the rate increase that KHQ is proposing, as well as the language within the agreement, is fair and reasonable.

If an agreement is not reached by December 31, 2020, Inland Networks will have no choice but to discontinue broadcasting NBC. This will affect channels 5, 10, 14, and 210. Unfortunately, if these channels are lost, Inland Networks will not be reducing the price of cable television.

Sincerely,

Inland Networks
